WELCOME

Hello! I am Ashley, a wedding and portrait photographer who also specializes in the Boudoir Experience. My studio is based in Holly, MI however I'm always up for a fun adventure and travel if needed. I'm passionate about what I do and love empowering women in any stage of life. Whether your session is for yourself or as a gift, I guarantee it will be full of moments you will never forget.

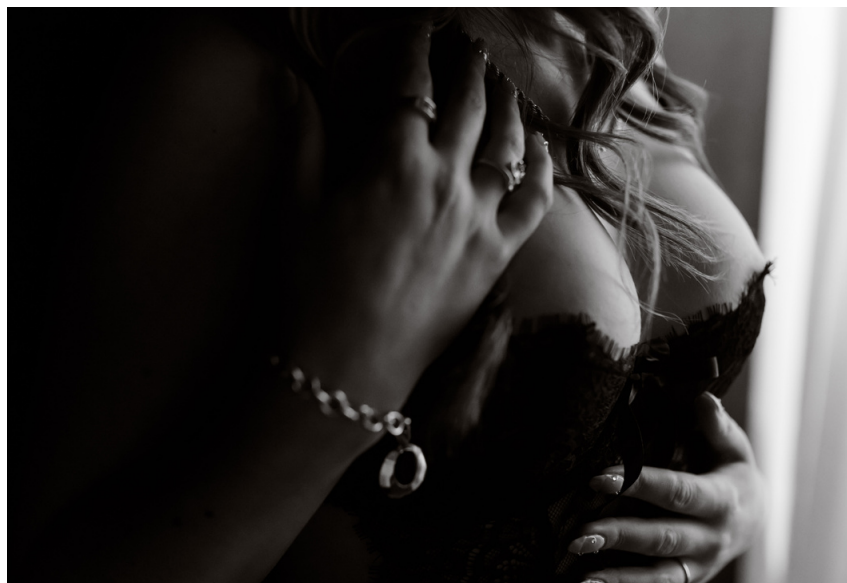

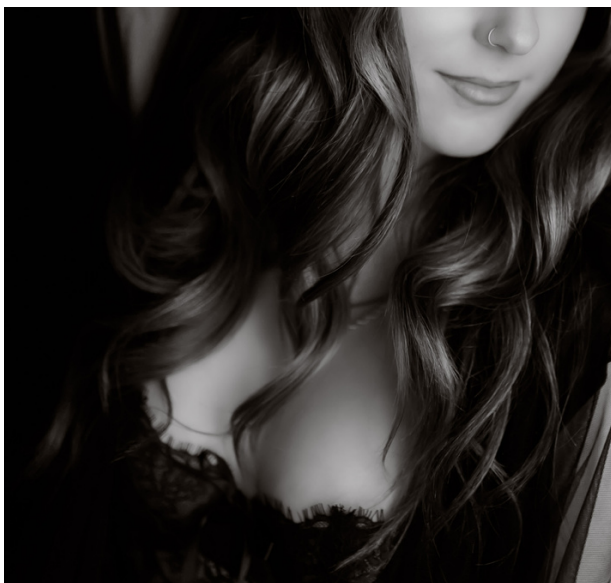

WHAT TO EXPECT

MY STYLE: I strive to capture YOU just as you are. As women, we tear ourselves down more than we would anyone else. So I'm here to show you how beautiful, strong and powerful we all see you! I specialize in what I like to call "pretty boudoir." Boudoir that shows the curves of a woman using both light and posing so accentuate each and every cell of your body. I capture all the angles, up close detail shots as well as full body excellence.

MY PURPOSE: To empower women and show you just how special, beautiful and strong you really are through shedding layers and exposing your true self. I provide a space where you can be truly yourself and never ask for permission in what you're doing.

PLANNING: From inquiry to your session day, I'm here to provide the best in your Boudoir client experience. We will become the best of friends while preparing you for a day you will never forget.

PAYMENT TERMS: A \$100 non-refundable session retainer is due at the time of contract signing to hold your session with Eli Green Photography LLC. If for any reason your session needs to be moved, you can reschedule up to two times. Final payment for your session is due two days before the session date. Full payment for any additional products is due at the time of purchase.

WHAT TO EXPECT

SESSION DAY: Come ready to have an amazing time with me, Ashley! I'm your biggest hype girl there is and along with my warm and inviting studio space, you'll leave your session knowing you were in the best hands for your session.

PREP: Wear loose clothing to your session. This will eliminate clothing lines on your body that will need to be removed later. Bring ALL of the outfit options! We will decide what will work best as I give you an overview of how the session will flow.

HAIR AND MAKEUP: Come as you are OR if you'd like to treat yourself with Hair and Makeup services, I have several recommendations for you as well as some preferred vendors that will travel to the studio for on-site services before your session begins.

PROOFING GALLERY: Your online proofing gallery will be sent within 3-4 business days of your session. These images will be unedited and straight out of camera. You will be given instructions on how to favorite your final images and you will let me know when your decision has been made.

ORDERING: After your session and receiving of your proofs, you're able to upgrade by purchasing additional edits and products A La Carte or by purchasing a collection! Collections are a huge cost savings if you're looking for more digitals as well as fine art and printed product. Any additional ordered products will be proofed together before they go to print to ensure everything is to your liking. The products will be shipped directly to the address of your choice via FedEx Overnight.
